

TUNG (TJ) VO

vo.tung@stthom.edu | linkedin.com/in/tung-vo-4728b7235

EDUCATION

University of St. Thomas <i>College of Arts and Sciences</i> - Bachelor of Science in Applied Mathematics; Bachelor of Arts in Mathematics - Cumulative GPA: 3.91/4.00; Dean's List	Houston, TX May 2028 (expected)
Lone Star College <i>The Honors College</i> Honors Associate of Science; Summa Cum Laude; Distinguished Global Scholar; President's List	Houston, TX August 2023 – May 2025

SKILLS

Microsoft Office (Word, Excel, PowerPoint); Beginner proficiency in Python, R, C++, Java, Gurobi, and LaTeX.
--

RESEARCH EXPERIENCE

Undergraduate Researcher, Houston, TX <i>Department of Mathematics, University of St. Thomas - Houston</i> - Under Dr. Mary Flagg on theoretical analysis using computational tools on competing zero forcing sets across graph families. - Findings presented at the UST-Houston Annual Research Symposium, April 2026.	August 2025 – Present
Undergraduate Research Assistant, Houston, TX <i>Department of Computational Applied Mathematics & Operations Research, Rice University</i> - Collaborate with PhD candidate Saber Dinpazhouh under Dr. Illya Hicks on qubit routing for quantum circuit optimization. - Use integer programming as a basis for developing an improved qubit routing heuristic, comparing it against SABRE and TKET.	May 2026 – Present
Research Fellow, NSF REU Site, Ponce, Puerto Rico <i>Department of Mathematics, University of Puerto Rico - Ponce</i> - Prove enumerative and structural results on weakly monotonic Fubini rankings, parking functions, and Cayley permutations. - Characterize intersections among these families and analyze displacement statistics, supported by computational enumeration. - Co-authored an article draft under Dr. Pamela Harris, refining proofs to publication formatting.	June 2026 – July 2026
Honors Research Scholar, Houston, TX <i>The Honors College, Lone Star College</i> - Conducted independent research on recruitment tactics and desertion rates during the Vietnam War. - Performed comparative analysis of air pollution and life expectancy between the U.S. and Chad. - Findings presented at the Honors and International Education Conference & the World History Association of Texas Conference.	August 2023 – May 2025

OTHER EXPERIENCE

Electro-Mechanical Assembler, Houston, TX <i>Geospace Technology</i> Operate coiling machinery to assemble water cable; troubleshoot minor mechanical issues	June 2025 – Present
--	---------------------

AWARDS, CERTIFICATIONS & SCHOLARSHIPS

- Hispanic Serving Institution STEM (Dunn) Endowed Scholarship, University of St. Thomas – Houston, 2026 - Environmental Data Science Academy Micro-Credential, Rice University, 2025 - Best in Committee & Outstanding Delegation Awards, National Model United Nations – New York, 2024

ACTIVITIES & LANGUAGES

- Campus Initiatives, Innovator & Computer Science Club, Member - Languages: Vietnamese (Native Speaker); English (Fluent)
