EDUCATION

University of St. Thomas Houston, TX
College of Arts and Sciences May 2028 (expected)

- Bachelor of Science in Applied Mathematics; Bachelor of Arts in Mathematics
- Cumulative GPA: 3.91/4.00; Dean's List

Lone Star College Houston, TX
The Honors College August 2023 – May 2025

- Honors Associate of Science; Summa Cum Laude; Distinguished Global Scholar; President's List

PUBLICATIONS

E. Barrett, M. Beerbower, J. Elder, P. E. Harris, M. Sanchez, **T. Vo**, and C. Young. "*Cayley Permutations, Fubini Rankings, and Unit Interval Parking Functions.*" In preparation.

RESEARCH EXPERIENCE

Undergraduate Researcher, Houston, TX
Department of Mathematics, University of St. Thomas - Houston August 2025 – Present

- Under Dr. Mary Flagg on theoretical analysis using computational tools on competing zero forcing sets across graph families.
- Findings presented at the UST-Houston Annual Research Symposium, April 2026.

Undergraduate Research Assistant, Houston, TX
Department of Computational Applied Mathematics & Operations Research, Rice University May 2026 – Present

- Collaborate with PhD candidate Saber Dinpazhouh under Dr. Illya Hicks on qubit routing for quantum circuit optimization.
- Use integer programming as a basis for developing an improved qubit routing heuristic, comparing it against SABRE and TKET.

Research Fellow, NSF REU Site, Ponce, Puerto Rico
Department of Mathematics, University of Puerto Rico - Ponce June 2026 – July 2026

- Prove enumerative and structural results on weakly monotonic Fubini rankings, parking functions, and Cayley permutations.
- Characterize intersections among these families and analyze displacement statistics, supported by computational enumeration.
- Co-authored an article draft under Dr. Pamela Harris, refining proofs to publication formatting.

Honors Research Scholar, Houston, TX
The Honors College, Lone Star College August 2023 – May 2025

- Conducted independent research on recruitment tactics and desertion rates during the Vietnam War.
- Performed comparative analysis of air pollution and life expectancy between the U.S. and Chad.
- Findings presented at the Honors and International Education Conference & the World History Association of Texas Conference.

AWARDS, CERTIFICATIONS & SCHOLARSHIPS

- Hispanic Serving Institution STEM (Dunn) Endowed Scholarship, University of St. Thomas – Houston, 2026
- Environmental Data Science Academy Micro-Credential, Rice University, 2025
- Best in Committee & Outstanding Delegation Awards, National Model United Nations – New York, 2024

ACTIVITIES & LANGUAGES

- Campus Initiatives, Innovator & Computer Science Club, Member
- Languages: Vietnamese (Native Speaker); English (Fluent)

SKILLS

- Microsoft Office (Word, Excel, PowerPoint); Beginner proficiency in Python, R, C++, Java, Gurobi, and LaTeX.
